PREFACE

This index was prepared by Carrie L. Broughton, State Librarian. The information was compiled from a weekly paper founded October 22, 1799 by Joseph Gales, Sr., which was issued first as the Raleigh Register and North Carolina Weekly Advertiser, and later changed to the Raleigh Register and North Carolina Gazette.

The years 1799-1825 were embodied in the Biennial report of 1942-1944, but with this issue and in the future, the information will be published as a separate bulletin under the title Marriages and Death Notices Appearing in the Raleigh Register and North Carolina Gazette. It is the desire of the librarian to continue this publication until the entire file has been completed. On account of a small staff in the library, this work has been greatly retarded.

The material has been arranged in two parts: Part 1, Marriages; Part 2, Deaths. The entries have been made as brief as possible, listing each name alphabetically, giving date of marriage or death, the place of residence which the person resided, the paper and date of publication. The only abbreviations used is R.R. which stands for Raleigh Register and North Carolina Gazette.

The files possessed by the library is not entirely complete, and there are missing issues now and then, therefore this will explain occasional omissions.

PREFACE

This index was prepared by Carrie L. Broughton, State Librarian. The information compiled from a weekly paper founded October 22, 1799 by Joseph Gales, Sr. which was issued first as the Raleigh Register and North Carolina Weekly Advertiser, and later changed to the Raleigh Register and North Carolina Gazette.

The years 1799-1825 were embodied in the Biennial report of 1942-1944, the years 1826-1845 was issued as a separate bulletin under the title "Marriage and Death notices appearing in the Raleigh Register and North Carolina Gazette." The following, therefore is a continuation of the 1947 bulletin.

The material has been arranged in two parts: Part 1, Marriages; Part 2, Deaths. The entries have been made as brief as possible, listing each name alphabetically, giving date of marriage or death, the place of residence in which the person resided, the paper and date of publication. The only abbreviations used is R.R. which stands for Raleigh Register and North Carolina Gazette.

The files possessed by the library are not entirely complete, and there are missing issues now and then, this therefore will explain occasional omissions.
